SUN DECK

Atlantic 50 HT is the recent result of the collaboration of the best Italian naval architects: large windows, elegant hard top, low and slender superstructure. Large sun decks are alternated with areas of relax in the shade and the interiors are modern and conformable. It's the perfect combination between pleasure and perfection. Another reason of pride for the traditional Italian shipbuilding.

L'Atlantis 50 HT é il recente frutto della collaborazione tra i migliori architetti nautici italiani: grandi finestrate, elegante hard top, sovrastrutture basse e slanciate. Ampi piani prendisole si alternano a rilassanti aree protette, interni moderni e comodi. Una combinazione perfetta tra il piacevole e godibile, ennesimo vanto della tradizione cantieristica italiana.
